PHOTOVOLTAIC MARKET IN POLAND

12TH EDITION
JUNE
2024
WARSAW

TABLE OF CONTENTS

Comments from the Report Partners	10
Summary of the report "Photovoltaic Market in Poland 2024"	11
1 Strategic regulatory environment and the role of photovoltaics in meeting the 2030 RES energy targets	14
2 Photovoltaic market	22
2.1. Domestic photovoltaic market.....	23
2.2. Photovoltaic market in the European Union	28
3 Microgeneration market.....	33
3.1. Development of microgeneration.....	34
3.2. Financial support programs for prosumers.....	36
4 Market for small and large installations	40
4.1. Development of photovoltaic farms	41
4.2. Impact of the auction system on the development of photovoltaic farms	43
4.3. Network access curtailments – grid connections	49
4.4. Curtailments of PV sources in the grid.....	54
5 Capital expenditures and energy market turnover.....	60
6 Research results of companies in the supply chain for the domestic photovoltaic market	64
7 Technology development prospects for photovoltaics	77
Companies participating in the PV market study	96
IRE products and services	98
